GOLF & COUNTRY CLUB

# BRIDGE LESSONS 2016

Lessons will be offered on Monday mornings from 10:00 – 11:30 a.m. The cost is \$15 per person.

*You do not need to have a partner except for the Bidding Practice for Partnerships sessions.*

**Play These Hands With Me** – These are declarer play problems that will help you find the missing tricks that sometimes elude us. (May 30, July 25)

**Defend These Hands With Me** – These are the defender problems. We are often guilty of not spending the time on defence but this is what wins! (June 6, October 31)

**Negative Inferences** – It is amazing to see what you know because of what did NOT happen or was NOT bid or was NOT played. This is fun and informative. (June 20 and 27)

**Jacoby 2NT** – Not all partnerships use this handy tool. It helps with our Major Suit game Bidding. (July 11)

**Splinters** – This is the companion piece, although not necessary, to the Jacoby 2NT lesson. Combining these makes the Major suit game bidding much more precise. (July 18)

**Control Bidding** – This is the crowning achievement for that Jacoby 2NT and Splinter bidding in our repertoire. Note: This is not easy and only recommended for those who are already using the Jacoby 2NT and Splinter bids. These bids get you into good slams and avoid bad slams. (August 15 and 22)

**Bidding Practice for Partnerships** – As you would guess these sessions are designed for Partnerships to learn to better understand what the partnership means with certain bids and how better to help one another. Hopefully this will generate constructive conversations between partners about their bidding agreements or lack thereof. (June 13) (November 14)

Please sign up in advance so that I will know how many copies of materials to produce.  
Sign-up sheets are available in the Bridge Lesson Folder in the bridge supply cupboard.
